TOURNOI DE BALLE MOLLE

SIAN BRADWELL

SOFTBALL TOURNAMENT

2022

Hôpital de Montréal pour enfants

Montréal Children's Hospital

Sîan

Sîan (pronounced "SHAHN", hers is a Welsh Gaelic name which means 'precious gift of God') was born at St. Mary's Hospital in Montreal on October 3rd, 1984. Her mother found a lump on her foot on March 6th, and after undergoing a series of diagnostic tests, was diagnosed as having a rare form of cancer called 'primitive neuroectodermal tumour' (PNT) in her spine, liver and foot. Most often found as a brain tumour, doctors thought it had started in her pancreas and spread through her bloodstream.

Sîan was treated with chemotherapy at the Montreal Children's Hospital and radiation at the Montreal General Hospital, since the Montreal Children's did not have the facilities at the time.

She responded well for a short time, but when it was evident that the drugs were not working any longer, she underwent radical abdominal surgery in early October of 1985, followed by an intensive course of radiation treatment.

On Christmas Day, 1985, doctors found that the tumours had re-appeared in her legs, jaw and elsewhere. Sîan underwent radiation treatment again, and since the regular chemotherapy 'protocol' did not work, she was treated with experimental drugs.

They did not work, either, and on March 15th, she passed away. She was 17 months old.

Juillet 2022

Chers amis,

Félicitations aux organisateurs, bénévoles et supporteurs du Fonds de dotation Sîan Bradwell pour le retour triomphal de votre tournoi de balle molle annuel ! Le soutien indéfectible de la communauté lors des 32 éditions de cette tradition de l'Ouest-de-l'Île témoigne de votre dévouement et de votre passion pour l'amélioration de la vie des enfants qui luttent contre le cancer, en mémoire de Sîan.

Il n'y a pas de mots pour exprimer ce que cet engagement de longue date envers Le Children représente pour nos jeunes patients et le personnel attentionné de notre Hôpital. Néanmoins, l'impact se fait sentir dans la division d'hémo-oncologie, où l'équipement spécialisé que vous avez acheté sauve des vies, chaque jour. L'héritage de Sîan continue également d'inspirer les enfants et leur famille grâce au Fonds de dotation Sîan Bradwell.

En tant que l'un des événements communautaires les plus durables et les plus réussis de la Fondation, vous avez contribué à guérir et à remonter le moral de milliers de personnes.

Le Children a la chance de compter sur un groupe aussi dévoué qui travaille sans relâche pour que chaque tournoi soit meilleur que le précédent. Votre succès ce week-end aidera les enfants malades aujourd'hui, demain et pour les générations à venir.

Merci pour votre dévouement constant et pour avoir touché la vie de tant de personnes depuis plus de 30 ans. Continuez sur votre belle lancée !

Très cordialement,

Renée Vézina
Présidente

July 2022

Dear Friends,

Congratulations to the organizers, volunteers and supporters of the Sîan Bradwell Fund on the triumphant return of your annual softball tournament! The community's unwavering support of 32 incredible editions of this West Island tradition is a testament to your dedication and passion for improving the lives of children battling cancer, in loving memory of Sîan.

Words cannot convey how much this longstanding commitment to The Children's means to our young patients and our Hospital's caring staff. Nevertheless, the impact is felt in the hematology-oncology division, where the specialized equipment you have purchased saves lives every day. Sîan's legacy also continues to inspire children and families through the Sîan Bradwell Endowment Fund.

As one of the Foundation's longest-running and most successful community events, you have helped heal and lift the spirits of thousands.

The Children's is fortunate to count on such a devoted group that works tirelessly to make each tournament better than the one before. Your success this weekend will help sick children today, tomorrow, and for generations to come.

Thank you for your continued devotion and for touching the lives of so many for more than 30 years... and counting.

Sincerely yours,

Renée Vézina
President

Letter from Dr. Chantal Bernard

(provided by MCH Foundation)

I take this opportunity to express my gratitude to the administration of the Montreal Children's Hospital, the Montreal Children's Hospital Foundation and its generous donors.

I am a pediatric pathologist, working at the MCH for 30 years, and I use my microscope every day! I rely on my microscope to perform my work and it has almost become my "best friend" over the years. However, as any other medical equipment, updates are required to maintain best standards for practice.

All diagnoses that I make, (thousands of pediatric diagnoses per year) require examination of the microscopic slides. My areas of expertise includes renal diseases, renal transplant, as well as most areas of pediatric surgery and pediatric oncology. We often work with tiny samples requiring detailed and meticulous examination. We also teach medical trainees and residents, using the microscope extension (teaching arm) and the camera for online training of real cases.

My work also includes presenting the pathology features with microphotographs at interdisciplinary meetings for patient care (oncology tumor boards for example), several times a week.

Because of you, I am now working with a brand new up-to-date microscope, which helps me maintaining high quality interpretation and diagnoses, as well as working more efficiently. Since the microscope is equipped with a camera, it allows me to take photos of the microscopy for presentation at rounds, the very high quality objectives permits high-resolution microscopy, and the special attachment for reading special immunofluorescence tests is now available directly in my office instead of having to share a lower quality equipment in another part of the laboratory. All this is impacting very positively on my practice and directly on patients' diagnoses and patient care.

Thank you so much for your generous contribution to the pediatric pathology service at the Montreal Children's Hospital.

Chantal Bernard, MD FRCPC

FATHER GERALD A. SINEL
(Better known as Father Jerry)

In 2020, the Sian Bradwell Endowment Fund of the Montreal Children's Hospital received a sizeable donation from the estate of Fr. Gerald Sinel.

The short biography below was provided by Fr. Sinel's executrix, who knew him personally.

Over a span of 42 years Father Jerry served faithfully as pastor or assistant at Holy Name of Jesus, Resurrection of Our Lord, Annunciation, St. Brendan, St. Malachy and St. Raphael the Archangel Parishes. He also served as chaplain of St. Mary's Hospital.

Father Jerry was a man of great faith whose simple mission in life was to serve others. He was involved in a project where he personally drove a jeep (from Montreal) to a community in Guatemala!

Father loved people. Often you would hear him quote Barbara Streisand's song: *"People who need people are the luckiest people in the world."*

He was known and appreciated for his unconditional love, devotion, great listening skills, contagious smile, and his infinite compassion for those less fortunate, the ill, the dying and their loved ones.

His love for children was immeasurable. He could never accept the fact that children would go hungry. He often said "Children are your future in the world." He wanted them to be the happiest children in the world, because then they could carry this attitude into the future and make this world a better place.

Father Gerry passed away from pancreatic cancer, at the age of 82.

The HAPPY FACE became his emblem because he knew that a smile would become contagious.

Can't run a tournament without volunteers ... thanks to you all!

We are so grateful for the support of our volunteers ... thanks to all of you for sharing your precious time!

The Becket Players

Based in Montreal, Quebec, **The Becket Players** is a federally chartered, long-standing, non-profit organization dedicated to advance public's appreciation of the arts by providing the public with a high quality variety show with our proceeds going specifically for children's needs. Over the past 47 years, we have raised over \$3.7+ million dollars to help children, locally by supporting their medical, nutritional and educational needs.

Each spring we present a fabulous performance which combines theater, dancing, singing and a live band. Operating funds for the Becket Players are raised through ticket sales, advertisements in our program, refreshments sold at the performances, private donations, and generous sponsorship's by a wide range of local businesses both large and small.

Our mission is to create an exceptional performance, have community involvement and to engage our community in the performing arts. Blessed with an ever-changing pool of volunteers, our performances are how we work to achieve that goal. The success we've had over the past 47 years and the millions of dollars in equipment contributions to children's hospitals and charities speak for itself.

We are looking for Volunteers:

– Singers – Actors - Performers – Musicians - Board members – fundraisers – etc...

Come and join us!

Hello, my name is Christophe Rayrolles, Business Development Agent (BDA) at the Allstate West Island agency since October 2021. I have lived in the West Island for many years and I know the area very well. After graduating from ISEG Paris (Business School) in 2005, majoring in International Management, Marketing and Communication (ISEG SUP program), I have held various sales jobs and started my own companies. I have strived to build a career that would allow me to interact with people on a daily basis, while providing outstanding service and professional advice. My career aspirations led me to Allstate Insurance, where I act as a trusted advisor helping you with your home and auto insurance. During my spare time, I spend good times with my wife and my 3 children or with friends. I also like to travel, eat well, see good movies and I have a passion for cars. If you share the same interests as me, do not hesitate to ask me to tell you about my latest discoveries. For you, I promise to remain easily available and to always respond as soon as possible! Do not hesitate to call me for a second opinion about your current protection or to receive a friendly advice and a quote! Looking forward to hearing from you.

KEEP UP THE GREAT WORK!

The Printing House (TPH) celebrates The Sian Bradwell Fund and their efforts to provide medical equipment to better diagnose and treat children with cancer.

Thank you for all you do...
